

Latch-type knobs

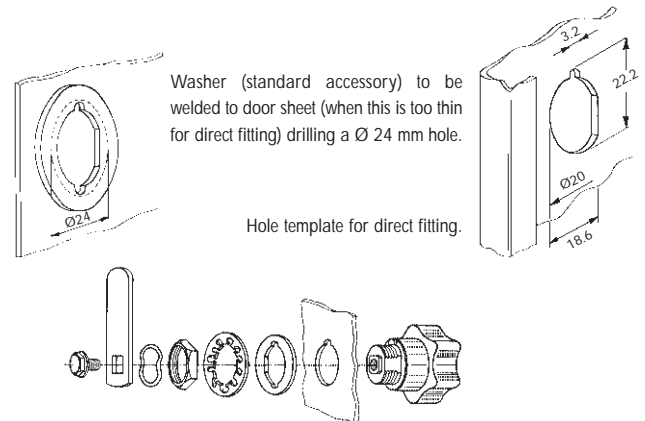

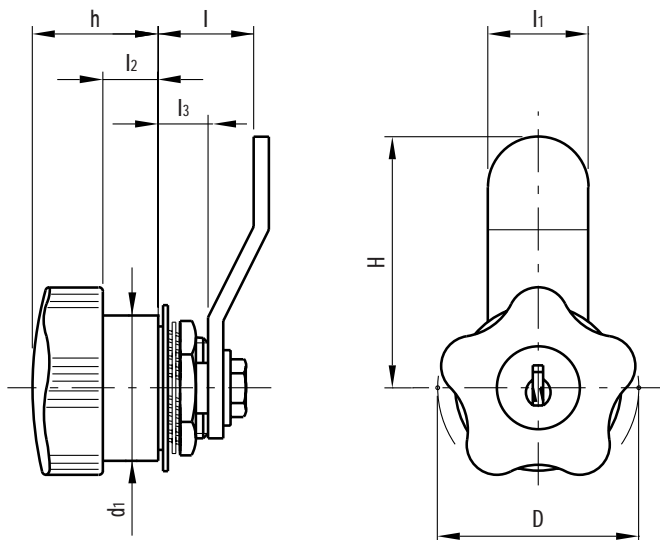

- **High impact strength polypropylene-based (PP) technopolymer knob.** Resistant to solvents, oils, greases and other chemical agents.
- **Black** standard colour with matte finish.
- **Lock** incorporated, stainless steel front plate. Locking movement 90°, opening to left (**S**) or right side (**D**).

- Two nickel-plated **brass keys**, removable from two 180° positions (locked-unlocked).
- Tropicalised zinc-plated **steel latch** 90° opening closing movement.
- **Type VC.** lock with different numbers (400 different combinations).
- **Type VC.U** lock with same numbering.
- **Type VC.M** lock (160 different combinations) with master key (passepartout).
- **Type VC.SS** without lock. Knob opens both to the right and left.

Special type (on request and for sufficient quantities) with threaded extension to position the latch when $l > 18$ mm.
