

# M.479

Bridge handle

ELESA Original design

## technical informations

### Material

Glass-fibre reinforced polyamide based (PA) technopolymer. Resistant to solvents, oils, greases and other chemical agents.

### Colour

Black, glossy finish.

### Screw covers

Technopolymer in six standard colours, matte finish, press-fit assembly, removable by a screwdriver. Available also as accessories sold separately (see caps table).

### Assembly

M.479/150-8: through holes for cylindrical-head screws with hexagon socket. Screw covers supplied not assembled.  
M.479/150 B-M8: brass boss, tapped holes. Screw covers supplied assembled.

### Technical data

Tensile stress and impact strength: F1, F2, L1 and L2 values reported in the table are the result of breaking tests carried out

with the appropriate dynamometric equipment under the test conditions shown in the figure with ambient temperature.
